PROFILE SUMMARY

Aspiring Junior Data Analyst with a solid foundation in data analysis and data cleaning. Skilled in **Excel**, **SQL**, **Python**, and visualization tools like **Power BI**. Passionate about uncovering insights and supporting data-driven decision-making.

EDUCATION

B-Tech Artificial Intelligence & Data Science, Tagore Institute of Engineering and Technology
(2022 – 2026)

CGPA (7.4)

PROJECTS

Facial Expression Recognition System :

- Built a machine learning model to detect and classify **human facial emotions from images**.
- Applied **image preprocessing and feature extraction techniques** to improve prediction accuracy.
- Used **Python libraries such as OpenCV, NumPy, and Scikit-learn** for model development.
- Evaluated model performance using accuracy and validation metrics

Exploratory Data Analysis Project :

- Performed **data cleaning and preprocessing** on raw datasets using Python.
- Conducted **EDA to identify trends, patterns, and correlations**.
- Created visualizations using **Matplotlib and Seaborn** to present insights.
- Generated analytical reports to summarize findings.

SOFT SKILLS:

- Analytical Thinking
- Problem-Solving
- Adaptability
- Communication Skills
- Team Collaboration

CERTIFICATIONS

- **Python with Data Science Internship – TVK Technologies**: Applied data preprocessing, analysis, and basic machine learning techniques in real-world scenarios.
- **Data Analysis with Python – Infosys Springboard**: Gained hands-on experience in data cleaning, analysis, and visualization using real-world datasets.
- **Data Analytics Job Simulation – Deloitte (Forage)**: Completed practical tasks in data analysis.

ACHIEVEMENTS

- Ranked among the **Top 150 out of 3,000+ participants** in an advanced SQL/Data Analytics challenge.
- Successfully completed a **3-month Data Science internship** with hands-on project experience.
- Developed a **machine learning model with 92% accuracy** for sales forecasting.
- Built multiple data analysis projects using **Python, Power BI and SQL**.
- Demonstrated strong problem-solving skills through **real-world data analysis tasks and simulations**.

LANGUAGES

- English (Conversational)
- Tamil (Fluent)
